Founded in 1904, the Centre County Historical Society, the County's official historical society, is an educational organization that promotes appreciation and research of Centre County's historic and natural resources through its properties, collections, programs, publications, and advocacy.

A community and volunteer-based organization, the Society is headquartered in the Centre Furnace Mansion, and listed on the National Register of Historic Places. This site includes the restored and furnished iron master's home, furnace stack, and landscaped grounds and gardens. Centre Furnace was home to the earliest 18th century industry - charcoal iron making. In the 19th century Centre Furnace played an important role in the beginnings of Penn State University. The Society also owns and operates the nearby Boogersburg One-Room School House.

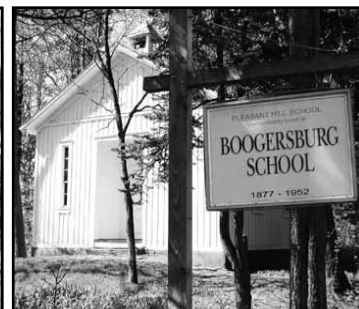

The Centre County Historical Society depends on financial contributions that help support our free public programs and educational opportunities for children, and provide necessary funds for the maintenance and operation of the Society's facilities and collections. Your membership and generosity are sincerely appreciated.

Society members and others in the community are invited to support these activities by contributing to the Centre County Historical Society Endowment Fund, managed by the Centre County Community Foundation.

Mansion Notes is published as a benefit of membership in the Centre County Historical Society and is made possible through the G. Harold Keatley Fund.

Funding for this publication is supported by a grant from the Pennsylvania Historical and Museum Commission, a state agency funded by the Commonwealth of Pennsylvania.

The Centre County Historical Society (CCHS) is a nonprofit, tax-exempt organization, under Section 501(c)(3) of the I.R.S. Code. Donations are tax deductible. Official registration and financial information about CCHS may be obtained from the Pennsylvania Department of State by calling toll free, within Pennsylvania, (800) 732-0999. Registration does not imply endorsement.

President's Corner

Anyone who is familiar with the children's book series "The Magic School Bus" would appreciate a car ride with Dick Pencek. His universe is Centre County, and his knowledge of local houses, barns, farms, folk art, and lore rivals Ms. Frizzle's grasp of solar system statistics.

One example: driving by a lovely old home in Penns Valley, Dick says, "See that door?" Then he proceeds to tell a story about the door's provenance. It was about a century old and had hung on an abandoned structure in the woods near Stone Valley. That's where Dick first spotted it and realized that it was going to crumble and rot if left where it was. So he made arrangements to find a new home for it, as if it were a neglected puppy. The door fit on its new frame perfectly. A custom-made door wouldn't have been better suited to the house. Dick was as delighted as the homeowners.

In truth, Dick's touches are all over Centre County. In my relatively brief tenure as CCHS president, I've lost count of how many people have told me that some vital preservation work or restoration never would have happened without Dick Pencek. Often, the job was a project undertaken by one of his classes in American Studies—perhaps Pennsylvania Architecture and Restoration or maybe Early Pennsylvania Decorative Arts and Furniture.

Anyone who has been lucky enough to have Dick as a professor will cite his passion for teaching that is matched by his enthusiasm for collecting antiques. A life-long collector, Dick is generous with his treasures. Since 2002, the CCHS has showcased a display of early American tools that were given to the Society from Dick's private collection. The permanent exhibit is housed—appropriately—in a late 19th century outbuilding behind the Centre Furnace Mansion that was restored by one of his American Studies classes.

The CCHS is likewise a recipient of Dick's generosity. He has provided critical advice and hands-on labor over the years, and the Society will be the repository for Dick's rich collection of Early American furniture and decorative arts through his own planned giving.

With the recent establishment of the Richard W. Pencek Education Fund for Historic Preservation, the CCHS plans to carry on Dick's legacy of historic preservation education for future generations through the Historical Society.

Of importance to Pencek, the material objects and construction techniques of the past would be accessible to scholars, students, and the public for generations to come. It is our belief that the foundation of any community emerges from the fabric and character of its past.

Please consider contributing to this fund which will lay the financial groundwork for developing gallery space and educational workshops and programming on historic preservation.

The fictional Ms. Frizzle has been known to take her students time-traveling on the Magic School Bus. If their destination were set to 18th or 19th century Pennsylvania, they would surely encounter the very real Mr. Pencek.

For more information about the Pencek Fund, please call Mary Sorensen at 814-234-4779.

Stocking Stuffer

Continued from front page.

Just in time for the Stocking Stuffer, exquisite holiday finery will grace the Mansion's dining room, grand front hall and parlors for the holiday season with the generosity of some of our area's finest florists: **Avant Garden, Daniel Vaughn, and Woodrings Floral Gardens.** Boughs, berries, bulbs and bows will bedeck the Mansion's exterior and Hearth Room contributed by the **CFM Gardeners and Tait Farm Christmas Trees.**

This time of year, we always remember Honey Jaffe and her small committee who had a good idea in 2002 to start a holiday fundraising tradition at the Centre Furnace Mansion. The Stocking Stuffer Antiques, Art and Fine Craft Sale indeed began and has grown to be over 13% of the CCHS operating budget.

Going into its 16th year, we thank a larger and just as enthusiastic Stocking Stuffer planning committee led by event co-coordinators Cathy Horner and Deb McManus. Additional thanks to Becky Dreese, Pam Calkins, Katie Frieden, Dana Guyer, Ann Moellenbrock and Tamson Six for their leadership efforts on this committee. We are grateful to over 70 CCHS and community volunteers who help us accomplish this critically important event. There are no words to thank everyone enough for contributions of long hours, special talents and so many donations of supplies and cookies. It is a marvelous effort and, I am sure, one that Honey would be delighted in.

With heartfelt thanks on behalf of CCHS!

Melander Society will be held at the Centre Furnace Mansion on December 16 at 4:00 p.m. If you have designated the CCHS in your will, then you are a member, so please join us. Mary Irvin Thompson sampler.
Gift of Anne Hamilton Henszey Pyle 2015.08.01

The Centre County Historical Society is collaborating with the "Sampler Archive Project," a national database of pre-1900 needlework samplers and embroideries, on a project that has emanated from our 2017 award winning exhibition *Unraveling the Threads of History*. A Sampler Documentation Days program is being planned to locate, photograph, and document historic pre-1900 needlework samplers and related girlhood embroideries. The public is invited to bring, by appointment, pre-1900 American samplers and other schoolgirl embroideries to the Centre Furnace Mansion for the Sampler Documentation Days. Samplers will be documented and photographed to be sent for review to the Sampler Archive Project for inclusion in their national database along with the samplers that were featured in our exhibition. We are hoping to locate more Centre County samplers, though this is not a criteria for participating in this program.

Appointments will be required for Sampler Documentation Days and more information will be available in early-January. If you are interested in participating, please call 814-234-4779 and talk to Mary or Johanna to be added to our list of appointments as plans are confirmed. More information on the Sampler Archive Project can be found at <http://samplerarchive.org>.

Old House Fair

The Old House Fair began some 30 years ago with a dynamic group in Bellefonte that saw a need to highlight the importance of historic preservation. Three years ago, the Fair had a renaissance and the Centre County Historical Society partnered with the Bellefonte Historical and Cultural Association and the American Philatelic Society. For these three years, the Fair has functioned as a “conference” for historic preservation featuring national and international speakers on this subject as well as regional and local experts that have shared their insights about everything from what a Historic Architectural Review Board does, to plumbing and electricity in an old house to how historic preservation can positively impact economic development.

The Old House Fair in Bellefonte will be changing to Old House Fair on the Road with a format change to quarterly programs that will reach out to different areas of Centre County and expand partnerships. We are continuing to work on a number of exciting workshops and programs such as an early spring workshop about how to research your old house, in partnership with the Centre County Library & Historical Museum. A day-long window restoration workshop is in the planning stage at the Centre Furnace Mansion for late spring. And the committee is also looking into partnerships for programming in the Penns Valley and Philipsburg areas.

In the meantime, the Old House Fair web page on the CCHS website will update programming as we confirm details, and archive past programs including videos of past keynote speakers. We are also working on making this site a more meaningful resource for people who are interested in old houses, and living in a historic district and other topics related to historic preservation.

We also owe a debt of gratitude to our sponsors and partners and to the speakers who have provided the educational framework for this program and who have contributed their services to the Fair. Please visit CentreHistory.org/ohf/ for updates and archives of speakers and programs.

Inclement Weather Reminder

CCHS follows the closings and delayed openings of State College Area School District. But, our first concern is that of the safety of our visitors and volunteers. The CCHS office/ Centre Furnace Mansion may also close if the sidewalks or parking lot are deemed unsafe for visitors and volunteers. Please check our website, CentreHistory.org, or Facebook page first, or call the CCHS office, 814-234-4779, before traveling to the Mansion during snowy/icy weather, or the possibility of. The weather and road conditions can vary drastically in the region.

The Col. Gerald Russell-PNC Bank-United Way Day of Caring

Thank you to the over 150 individual volunteers, organizations and businesses who volunteered and contributed to the 25th Annual PNC United Way Day of Caring at the Centre Furnace Mansion in October and the Boogersburg School historic sites. A little rain didn't dampen spirits and we are grateful for your support and enthusiasm!

The Centre County Historical Society has benefited from each of these 25 years and the impact it has had for the Mansion and School properties in terms of maintenance and beautification has been immeasurable. This year, much needed landscape and garden clean-up, painting, mulching, tree work as well as collections work and even window washing were accomplished.

Oh behalf of the Board of Governors and staff of the Centre County Historical Society, we extend our great gratitude to all who have graciously donated materials and labor and took time from your busy schedules to join us on the Day of Caring to make this a transformational day. We cannot thank all of you and United Way enough for this special Day of Caring.

Exhibitions and Collections

Mansion Exhibition Series:

Our CCHS Exhibition Committee has been working on an exhibition series featuring themed object exhibitions in the Centre Furnace Mansion. We thank Dick Pencek for planning "Poor Man's Silver," the first exhibition in this series featuring 18th and 19th century pewter earlier this year. Coming up:

December 9-April 21: *LaFayette's Tour of America: Interpreted in Historical Staffordshire Transferware*

Prior to the Revolutionary War, English Staffordshire Potteries supplied much of the tableware/dishes for American Colonies and enjoyed little competition. During and after the War, this trade largely vanished, until the Treaty of Ghent in 1814. Motivated to regain their markets, Staffordshire Potteries began to feature American themes including events, scenes and cities, and "Heroes" taken from pictorial travel books printed in England based on paintings from British artists who had traveled throughout America.

Marquis de Lafayette, the last surviving French general of American Revolutionary War, was invited as "The Nation's Guest" to tour America, all expenses paid. Staffordshire Potteries capitalized on this event and created many pieces themed around Lafayette's scheduled stops. We thank Jim Farr for his work on developing this exhibition.

*Historic Transfer-decorated
Staffordshire Pottery Platter
Landing of LaFayette*

Upcoming Exhibitions:

February 24-April 14: *Rural Pennsylvania in Art*

This exhibition will be in the Centre Furnace Mansion and feature the artwork of The Farmland Preservation Artists of Central Pennsylvania, a group of artists dedicated to promoting the appreciation and preservation of our area's farmland through the visual arts.

These artists work in a variety of media: acrylic, oil, watercolor, soft pastel, and photography. As one of the artists said, "The joy of experiencing the farm landscapes becomes magnified and continues long after the painting is done". The Farmland Preservation Artists aspire to awaken the community's awareness of the visual beauty and agricultural richness that contributes to what is unique about Centre County. A "Meet the Artists" exhibit reception will be held on Sunday, February 24, 2 p.m. to 4 p.m.

All exhibitions are at the Centre Furnace Mansion and open during Mansion tour hours on Sunday, Wednesday, and Friday, 1:00 to 4:00 p.m.

Exhibition:

Sherman Lutz and the State College Air Depot

An exhibition featuring the CCHS's Sherman Lutz Collection is being planned for late April 2019 for the CCHS Ice House Exhibition Building. This expansive collection contains the images and artifacts of Centre County early aviator Sherman Lutz and the State College Air Depot, donated by Lutz's niece Phyllis Barr.

Sherman Lutz, 1941

The collection documents the development of aviation in Centre County. Born in Ferguson Township in 1903, Lutz owned an airfield in Boalsburg before moving it to State College in 1947. At the time and for decades after, the closest major airport was in Black Moshannon, so Lutz's airfields became a major port for travelers to and from the State College area. Lutz taught 477 students to fly between the years 1933 and 1985. Many of his students went on to work for the military or in the private sector and maintained lifelong friendships.

The collection features 3760 negatives, 326 slides, over 800 photos and 20 film reels, over 800 photographs, several hundred newspaper articles and an object collection featuring his leather flight suit and his collection of cameras.

The work of five interns: Nick Lilja, Matthew McClain, Sarah Fede, Hilary Barlow and Paul McMonigle and the work of Monty Christiansen, CCHS member and volunteer, have gone into the indexing, scanning and processing this collection which is far from done. Sue Kellerman, Head of the Preservation, Conservation & Digitization Department at the Penn State Libraries, has also been instrumental in consulting about processing the collection.

Donations from Sue Kellerman, Gene Stocker and Thomas and Sara Songer have been a tremendous help in starting the process of rehousing and digitizing this collection.

We still need your help in funding the following for the Sherman Lutz collection and exhibition:

- \$1200.00 - Archival housing for the slides, negatives and photographs in this collection.
- \$3150.00 - Digitization of 18 film reels at \$175/reel.
- \$250.00 - Housing for the cameras and objects in this collection.

If you would like to donate toward the preservation of this collection, please contact Mary Sorensen at 814-234-4779.

Gardeners Corner

CFM Gardeners with our friends from Blue Mountain Quality Resources

Our last Thursday in the Gardens, just a few short weeks ago, rounded out the wettest and weediest year ever! Our Centre Furnace Mansion Gardeners didn't let this stop them. With their great contribution of time and talent in the gardens on Thursdays and leadership with the Plant Celebration and on many service days throughout the season, the gardens remained beautiful and well-tended.

We cannot thank you all enough for the ongoing afternoons of gardening and overseeing student and organizational service days in service to the Centre Furnace Mansion Gardens. It is a labor of love to be sure, and the CFM Gardens show it. Special thanks to Beverly Lipski and Katie Frieden for their constant leadership in the Gardens and well beyond. And many thanks to Garden "Regulars" Judy Heberling, Marshall Garrett, Ruth Merritt (our Mansion inside garden coordinator!), Joyce Christini, Lou Mayer, Jan Villastrigo, Mike Canich, Floyd Todd, Carol Gouty, and Suzann Tedesco. There are yet several others who contribute on special service days or during the Stocking Stuffer who we also owe thanks. The Gardens at the Mansion would be impossible to keep up with if it weren't for all of you, and we wish you a most restful Winter!

Reminder for Snow Birds

Many of you will be spending time away during the cold winter months here in PA. CCHS postcards and newsletters are unable to be forwarded by the Post Office. To help cut down on the costs of returned mail, simply give us a call at 814-234-4779 and let us know what dates you will be out of the area so that we may stop and resume communications efficiently.

Docents Corner

During the Summer and Fall, the CCHS docents continued their Centre County history education. Arranged by Linda Wallace, the group enjoyed a trip to Curwensville, Clearfield County, did a driving tour of the Highlands District of State College, toured Baileyville with the guidance of Elwood Homan and visited the stack ruins of Pennsylvania Furnace.

The CCHS docents are committed to learning more about Centre County in order to better understand and help to tell the story of Centre Furnace.
